

```
public class ImmutableSwan {  
    private int numberEggs;  
    public ImmutableSwan(int numberEggs) {    //constructor  
        this.numberEggs = numberEggs;  
    }  
    public int getNumberEggs() {  
        return numberEggs;  
    }  
}
```
